Faculty Senate Meeting Highlights
November 4, 2003

Old Business
The resolution on diversity, sponsored by Chris Hope and written by David Marshall, was discussed. The author and sponsor presented revisions in the wording, in effect amending their own resolution. The Senate then offered some other changes to the resolution's wording, which the sponsor and author accepted as friendly amendments. Ultimately, the entire resolution was passed on voice votes. The full text of the amended resolution is at the end of this message.

New Business

Graduate Committee
The Senate approved all new course proposals and program changes, except for one proposal regarding a Geology course. The course itself was approved, but its cross-listing with an undergraduate course was not since the undergraduate course itself is in the process of being changed.

Curriculum Committee
The Senate approved all proposals for changes, new courses, program changes, and course deletions.

The Curriculum Committee presented an additional request regarding the designation of Service Learning courses in Cougar Trail. The Senate moved to table this request until the next meeting, requesting additional information on Service Learning courses.
