From: Heston, Mary E  Sent: Mon 11/1/2010 6:51 PM  To: Curtis, Claire P  Subject: New Course in POLS  Dear Claire,  The Asian Studies faculty has indicated resounding support for the new course in Chinese Politics. I anticipate that, during our next round of curriculum updates, we will propose that this course be added to the courses that count toward the electives in the Asian Studies Minor. Dear Guoli,  

Thank you for letting me know about changes we are expecting in 2011 related to the Russian Studies Minor Curriculum. It is very good that we still have POLS 362 Case Studies in Foreign Policy and POLS 339 Special Topics when it is related with Russia as an alternative for the POLS requirements for the Russian Studies Minor. I am very glad to learn that you are preparing a new introductory course on Comparative Politics that uses Russia as a case study, and I am sure that Political Science department will continue working together with the German and Slavic Department towards Russian Studies Minor. Please keep me informed of new development in Political Science Department related with Russian politics and foreign policy. Thank you,  

Raisa Gomer Coordinator Russian Studies

Raisa,  

As part of Political Science course reform, POLS 326 Soviet and Russian politics will be deleted in 2011. We think that Russian politics will be better taught in comparative perspective rather than from a more historical case as I have been doing in the past. I will develop a new course on Politics of the Transitional States. The POLS requirement for the minor of Russian Studies will continue to be met by POLS 362 Case Studies in Foreign Policy and POLS 339 Special Topics when it is related with Russia. I will also prepare a new introductory course on Comparative Politics that uses Russia as a case study. I will keep you informed of new development in Political Science related with Russian politics and foreign policy.

I thought I had just pasted that on the form (let me check) but yes, Mark Long knows. On my form it is pasted at the bottom under #5. Claire

Hi Claire,

One of your proposals to delete POLS 311 says that the Geography minor will be affected. Did you ever receive a letter from them acknowledging this? Thank you, Jannette
