1. Department: HEAL

2. Course Number and Title: HEAL 325

3. When will Course Deletion become effective? Fall 2011

4. Justification for Deleting the Course: This course will now have a field experience added to it as a co-requisite for the new public health degree. Therefore, it is no longer appropriate for a student seeking the health minor. This course is now considered a professional course that is designed for public health majors who are seeking external certification.

5. Is the course part of any other degree or program? Please consult the most up to date undergraduate catalog and search for uses of the course to see who should be contacted. If yes, what department/program? Please contact the department chair/program director and request a note or email that they are aware of the proposed change and include that note with the proposal.

n/a This course is required for the Bachelor of Science degree in Public Health.

This form was approved by FCC on 8/17/2010 and replaces all others.

1. Department: HEAL

2. Course Number and Title: HEAL 390

3. When will Course Deletion become effective? Fall 2011

4. Justification for Deleting the Course: This course is being replaced by HEAL 350 Epidemiology, which is a required course for the new Public Health major. The Department of Health and Human Performance has been teaching the course HEAL 390 Chronic and Communicable diseases as an epidemiology course, but have submitted a new course form for Epidemiology with a new number as the title and course description have changed.
