To Whom This Concerns: September 28, 2015

Last year, the Department of Supply Chain and Information Management received approval to change the Global Logistics and Transportation Minor and Concentration. Specifically, we replaced the requirement that students complete ECON 303 Economics of Transportation and Geography and INTB 322 International Business with the following menu of existing courses from which they must select six hours:

- DSCI 406 Quantitative Methods & Decision Making
- ECON 303 Economic Geography
- MKTG 333 Purchasing & Supply Chain Management
- INTB 313 Global Commerce & Enterprise
- INTB 322 International Business
- TRAN 360 Special Topics in Intermodal Transportation
- TRAN 444 Transportation/Logistics Internship
- TRAN 499 Bachelor’s Essay
- SCIM All courses at or above the 300 level

Unfortunately, TRAN 420 Independent Study was omitted from the above list, so we are taking steps to formally add it to the choices available to students completing either the GLAT minor or concentration. Because requirements are identical for both the minor and concentration, the curriculum committee asked that we combine our individual requests last year so they could be considered as one action. Therefore, I am submitting one set of documents covering both the minor and concentration and requesting they again be considered as a single submission.

In the attached package are the Faculty Curriculum Committee Change/Delete Program Form, current catalog copy for the minor/concentration showing changes, proposed catalog copy for the modified minor/concentration and a signature form.

If you have any questions or need any additional information, please feel free to contact me directly. Thank you in advance for the time and effort you dedicate to this request.

Sincerely,

K. N. Gourdin, Professor and Director
