The Academic Standards and Admissions Committee recommends changes in the Undergraduate Bulletin to preclude students taking lower level foreign language courses on a Pass/Fail basis. Specifically we propose that the passage under item 4 of the Pass/Fail option be changed (page 112 of the 1994 Undergraduate Bulletin).

"4. No course taken on the Pass-Fail option may be used to satisfy the general educational requirements or lower level foreign language courses taken to gain proficiency in foreign language in order to satisfy the general education requirement. No course shall be taken on the pass-fail option in either one's major or minor fields. . . ."

The committee also suggests that the policy regarding credit for work at another institution by transient students be clarified in the Undergraduate Bulletin. We suggest the following be appended as item 4 on page 120 of the 1994 Undergraduate Bulletin:

"4) Criteria for acceptable transfer credits also apply to transient students (see page 24)."
