The meeting of the Committee for November 11, 1997 was called to order at 12:05 P.M.

The minutes for the November 3, 1997 meeting were approved as written.

Amy McCandless announced that the Senate approved the proposal from Educational Services that included BADM 120 (now entitled "Finance" by a friendly amendment) as an approved SNAP alternative for the mathematics general education requirement. In addition, the Senate approved the proposal by Dorinda Harmon of the Office of Admissions, Adult Student Services which extends the time period for audit enrollment by senior citizens to two weeks.

The committee discussed an e-mail message from Bill Lindstrom (11/5/1997) regarding student [REDACTED] who has passed French 101 and 102. In addition, he passed Latin 101 and History 231 (Ancient Greece). In his e-mail message, Bill Lindstrom questioned whether this student should be required to complete an additional language alternative course. The committee discussed the issue and supported the need for the student to take an additional SNAP alternative class (i.e., an alternative for the 200 level language courses). However, the committee would like to see the student enroll in a course that is relevant to the concentration of ancient civilizations (e.g., Roman

Civilizations). However, the committee had limited information regarding the course history of the student or the possible prerequisites for courses offered during the Spring 1998 semester.

The next Committee meeting is scheduled for Monday, November 17, 1997 at 12:00 Noon.

The meeting was adjourned at 12:30 P.M..

Respectfully submitted,

Susan J. Simonian
