Brian Scholtens Biology
Mike Skinner Education
Christine Warnquist Registrar's Office
Deanna Caveny Mathematics
Elaine Griffin Languages
Bobbie Lindstrom Educational Services

The meeting of the Committee for October 27, 1997 was called to order at 12:05 P.M.

The minutes for the October 20, 1997 meeting were approved as written.

The Committee discussed the Math/Logic alternatives for SNAP students. The Committee decided to contact the Music department to determine the status and content of Music 150 and 246. The group discussed the issue of alternative courses verses special courses taught within topical areas. Elaine Griffin reviewed progress on efforts to create a pilot course in Spanish. The course would be a Spanish 101 taught for SNAP students. The plan is to offer two sections of this course in the Fall 1998. The course would include a multi-sensory presentation of course material. It is yet to be determined whether this alternative course will ever fully replace the language alternative courses. There was discussion of Landmark College's approach to courses for LD students. Amy McCandless suggested that Bobbie Lindstrom contact the Math department at Landmark College and obtain information regarding their approach to teaching mathematics to LD students. Amy McCandless will contact the Mathematics, Philosophy, Business, and Music Departments.
regarding their input on the SNAP alternatives for the Math/Logic requirements.

The next Committee meeting is scheduled for Monday, November 3, 1997.

The meeting was adjourned at 1:05 P.M..

Respectfully submitted,

Susan J. Simonian
