Mr. Donald Griggs, Director of Financial Aid, explained the process of reviewing students that in some way had not maintained the requirements for financial assistance. Donald informed the committee that there is competition for some funds; however, the Pell Grant is not competitive. He also indicated that the present review process ask students to make a written request, and that to date all requests are forwarded to the committee with his recommendation.

Jim Smiley made a motion that would seek to alter the present process. The motion:

    Donald Griggs is to review each written request for continuous Financial Aid. Mr. Griggs would then pass on to the committee only requests he felt appropriate. In addition, he would also forward written recommendations for each. The motion passed unanimously.

Donald Griggs requested that the committee develop some guidelines to govern the review process for continuous financial aid, when stated requirements are not met.

The petition passed unanimously. However, a condition to this vote is that, must have a 3.2 GPR for the Fall Semester, and an overall 3.2 GPR by the end of Spring 1987.

All other actions were deferred to our next meeting on Friday, September 30 at 12:15 p.m.
