Psychology

The meeting of the Committee for September 26, 1995 was called to order at 2:05 P.M. by a petitioner, presented her request to the Committee. She requested that she be allowed to withdraw late from a Fall, 1994, class, on the grounds that her husband's car had been stolen, and that it had contained her notes and books. She said that the combination of stress and lack of the notes caused her to fail the course. The petition was denied.

The minutes of the meeting of August 29, 1995 were approved.

The Committee discussed the recent failure of the SNAP proposal to pass the Faculty Senate. Bobbie Lindstrom talked about the program and its ramifications. The Committee will probably make essentially the same proposal again, first discussing each class with the relevant department. In these discussions, and in the subsequent presentation to the Senate, we need to emphasize that courses on the list will not be inundated with SNAP students. Also, we need to make it clearer why it is important to have alternates on the list of approved courses.

petitioned that he be allowed to take his last six hours of courses at Monmouth College, in spite of the fact that he has not taken 60 hours at the College of Charleston. The petition was approved.

petitioned that she be allowed to have a minor in Psychology at the College, in spite of the fact that she has taken no courses in Psychology at the College. (All of her Psychology credits are transfer credits.) The petition was approved, largely on the grounds that the Bulletin does not state that any hours of the Minor need to be taken at the College.

The petition of which was presented at the last meeting, had been remanded on the grounds that not enough information had been presented on which to base a decision. provided more information in the interim, and his petition to take 12 of his final 37 hours away from the College as approved.

The meeting was adjourned at 3:25 P.M.

Respectfully submitted,

Walter Pharr
