Physics/Astronomy: Mikhail Agrest – Eligible through 2013
Mathematics: Paul Young - Eligible through 2014

Library:

Martha Stackel - Eligible through 2014
*New Wording from the FAM – Spring 2010

The term of office for Senators shall be two years; terms begin the day after spring commencement. A Senator shall be eligible for re-election to one additional consecutive term, following which one year must pass before he or she is again eligible. For purposes of eligibility, a partial term of service of one year or more shall be counted as a full term. Additionally, in order to maintain continuous service by departmental senators, any department with no eligible members may petition the Committee on Nominations and Elections for an exception at any time. One half of the Senators are elected each year. In the first year, election is for seats of one or two year terms, determined by lottery. A Senator elected in the first year to serve a one-year term is then eligible to be re-elected to two additional full terms. (Rev. April 2010)
